Emergency Preparedness Planning and Resource Manual

According to SOM Appendix Z (Emergency Preparedness), **the LTC facility must develop and maintain an emergency preparedness plan that must be reviewed and updated at least annually.** This thorough manual guides the creation of a customized "fill-in-the-blank" facility disaster plan.

The plan is organized into the following sections:
+ Introduction to the Emergency Management Plan
+ Hazard and Security Vulnerability Assessment
+ Emergency Preparedness Collaboration
+ Emergency Preparedness and Planning
+ Emergency Response
+ After Incident Recovery

An accompanying flash drive includes a searchable PDF and Microsoft® Word files to make **filling in the blanks** in the plan a breeze!
